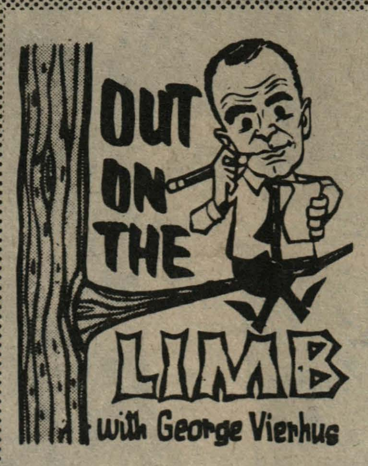
Vol. 79 No. 37 Wednesday, September 15, 1971 10¢

378-9136 35 Dillon Avenue, Campbell, California



IN THIS COLUMN LAST week we mentioned the vast army of candidates (16) who have filed for the one vacancy that exists on the West Valley College governing board.

The vacancy was created by the untimely death of Bill Homan and a special election will be held on Oct. 26 to fill the spot on the board.

The new trustee will serve until the completion of Homan's term which will be June 30, 1975. The new trustee must reside in the Campbell Union High School District (as did Homan), although voters in the other two high school districts (Los Gatos and Santa Clara) that make up the district can cast ballots in the election.

Last week we called attention to our "research" of the home addresses of the 16 candidates which included pinpointing them on the wall map.

Only the Rev. Ben Gould, who is one of the 16, resides within the city limits of Campbell and only two of the candidates, Ben and Charles Tillers, on Parkland between Payne and Williams, live west of the freeway.

Our study vividly indicated the expanse of the Campbell Union High School District.

Nine of the candidates are from the southern portion of the district, that is south of Foxworthy.

You might describe it as sort of a cluster-clasher.

Two candidates, for example, are next-door neighbors.

-0-

HAVING 16 CANDIDATES vying for one vacancy is pretty much of a record in itself.

But even more unique is having two next-door neighbors battling on the same ballot. Golly, how will the block decide?

We mentioned last week that all kinds of conclusions could be drawn from that, e.g., a neighborhood feud or stuff like that.

We also added that we had not been able to contact the two individuals to find out the reason they both were running. But we were thwarted as their phone numbers were apparently unlisted.

Although the two neighbors live far outside our circulation area, it is amazing how our column seems to get around.

Because this week, both parties called us about that column.

-0-

NO FEUD, THEY REPORTED.

Just two interested citizens who had expressed concern to each other (over the fence, so to speak) about the fact that a week before the deadline, no one had filed for the office.

Incidentally, all 16 candidates filed during the last week. Some just made the deadline.

James Towers, a deputy sheriff, lives at 1606 Inglis Ln., San Jose. He has filed for trustee of the college district.

James Patrick, an engineer with the phone company, resides at 1608 Inglis Ln., San Jose. He has also filed.

Towers called us first.

That was on Wednesday afternoon. The papers had only been out for a couple of hours.

Don't ask us how that happened. We were so surprised we didn't ask him.

Anyway, Towers explained that there was no feud with his neighbor or anything like that.

He just felt that as a concerned citizen he wanted to get involved in community activities. He had been shocked when he read a piece in the Merc that no one had filed for the important position as college trustee.

Towers, who happens to be the editor of the new "voice"

City hall loses tree

Infested by beetles, the 25-year-old towering pine that dominated the new city hall for a short-lived period has been removed so not to affect the other trees in the civic center area.

Ironically, the city hall had been constructed so as not to interfere with the tree; even a protective wall around it at the northeastern corner of the building had been designed.

But it was not to be.

When the needles began turning brown, Jim Cope of Cope Tree Service was called in to diagnose the situation. He found that pine bark beetles had taken over to such an extent that even the root system was affected.

So it had to go.

And The Cope Tree Service proceeded to do the job, using special cranes and equipment.

It is estimated that the cost of removal of the tree would be $550, and what the cost of a suitable replacement will be, is still a matter of conjecture.

That's another story.

But the wall is still there.

IN LETTER TO BOARD

Former trustee asks status of Neal Royer

Clarification of the current status of Neal Royer, demoted superintendent of the Campbell Union (elementary) School District, was asked this week in a letter to the trustees from Jim Gilliland, former trustee of the district.

The board meets this Thursday, Sept. 16, in the administration office at 7 p.m. and Gilliland's letter is on the agenda for the meeting.

Royer, according to unconfirmed sources, has taken a position in the school system in Atascadero and Gilliland, in his letter, submits that minutes of the board meetings do not indicate his absence from the district.

Gilliland also asks: "Since it is well known that he (Royer) has a contract with the district, will the board state for the official record whether or not Mr. Royer continues to be paid with district funds?"

If the answer is yes, Gilliland submits, that Royer's present work assignment should be stated, and if the answer is no, the board should state when the separation occurred.

At the board meeting Thursday, Jim D'Avis, acting superintendent, expects to report on the latest status of salaries in the district in relation to the fluctuating wage-price freeze interpretations.

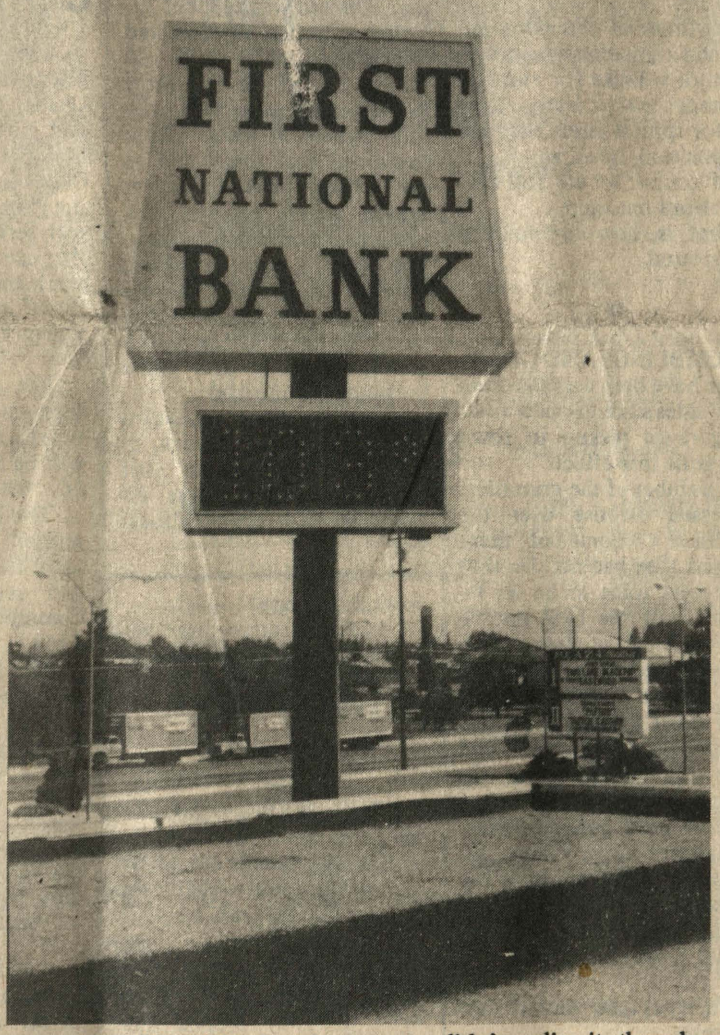
D'Avis will also report on matters pertaining to the opening of school. He said that the opening day enrollment was 10,335, which is below the estimate, but that the figure is expected to increase.

On the agenda also will be a report of the Family Life Education program in the district by D'Avis, supplemented by a detailed report by Richard Ullmann, general consultant.

SPECIAL EDITION

In commemoration of the dedication of Campbell's new city hall on Saturday, Sept. 25, a special 24-page tabloid section of The Campbell Press will make its appearance next Wednesday, Sept. 22.

The issue will be devoted entirely to background stories of the city and will also include congratulatory advertisements from various firms in the community.



FOR THE RECORD—Just in case you didn't realize it, there has been a heat wave around these parts (and all over the state for that matter). At 3 p.m. on Monday the thermometer on top of the First National Bank in Campbell registered 103-degrees, which is the highest mark The Press has ever "shot" in the eight years the bank has been in existence in town.

FOR RINCON PARK

Council okays Jaycee project

Development of a $30,000 picnic-playlot at Rincon Park as a project of the Campbell Jaycees received the endorsement of the City Council on Monday night.

The concept was approved wholeheartedly by the councilmen who then directed Dave Valkenaar, Jaycee president, who presented the idea, to work out details of the project with the Parks and Recreation Commission.

The Jaycee project highlighted the Council meeting on Monday. The City Council will meet again on Tuesday, Sept. 21, when the controversial eight/nine-story commercial-office-apartment complex proposed for Llewellyn and Hamilton by Central Development Co. will again be before the Council.

The Planning Commission on Sept. 7 for the second time rejected the proposal after the Council had sent it back because of modifications in the original plans.

The Council will meet next Tuesday, Sept. 21, instead of the regular meeting date of Monday, Sept. 27, because the councilmen and other city personnel will be attending the League of California Cities convention in San Francisco, Sept. 26-29.

The Jaycee project, as explained to the Council by Valkenaar, will include picnic tables, barbecue pits, playlots, surfacing and landscaping of an area north of the Pony League baseball field and adjacent to a future parking lot. The entire project will be built by the Jaycees from funds raised by special events and through volunteer labor of the members.

Considerable discussion by the councilmen took place on Monday over the placement of five personnel that will be allowed Campbell under the emergency employment act of the federal government. Campbell will receive $36,908 in federal funds to pay the salaries of the five personnel.

City Manager Bob Stephens had recommended that three of the personnel be assigned to the fire department and

Commission again rejects multi-story structure

On Tuesday, Sept. 7, for the second time, the Planning Commission rejected the proposal of Central Development Co. for an eight-story commercial-office-residential complex at the corner of Llewellyn and W. Hamilton. The application will be on the City Council's agenda for next Tuesday, Sept. 21.

After the first rejection on July 6, the application went up to the City Council, but was returned to the Planning Commission without Council action because the original plans had been modified.

The main modification was the reduction from nine to eight stories.

However, the Planning Commission by a unanimous vote denied the application because it was felt that the project was not suitable to the area.

The Commission continued until Sept. 20 action on the application of Herfy's Corporation for a 3000 sq. ft. restaurant at 980 E. Campbell Ave. (across from the PruneYard). The commission members indicated that they would like to see a new roof design and more landscaping.

The Commission approved the modified parking plans and landscaping for a warehouse/office for Wilburdon Construction Co., at 645 McGlincey Ln. Previously the Commission had refused to approve the plans because more office space had been developed than what had been in the original plans.

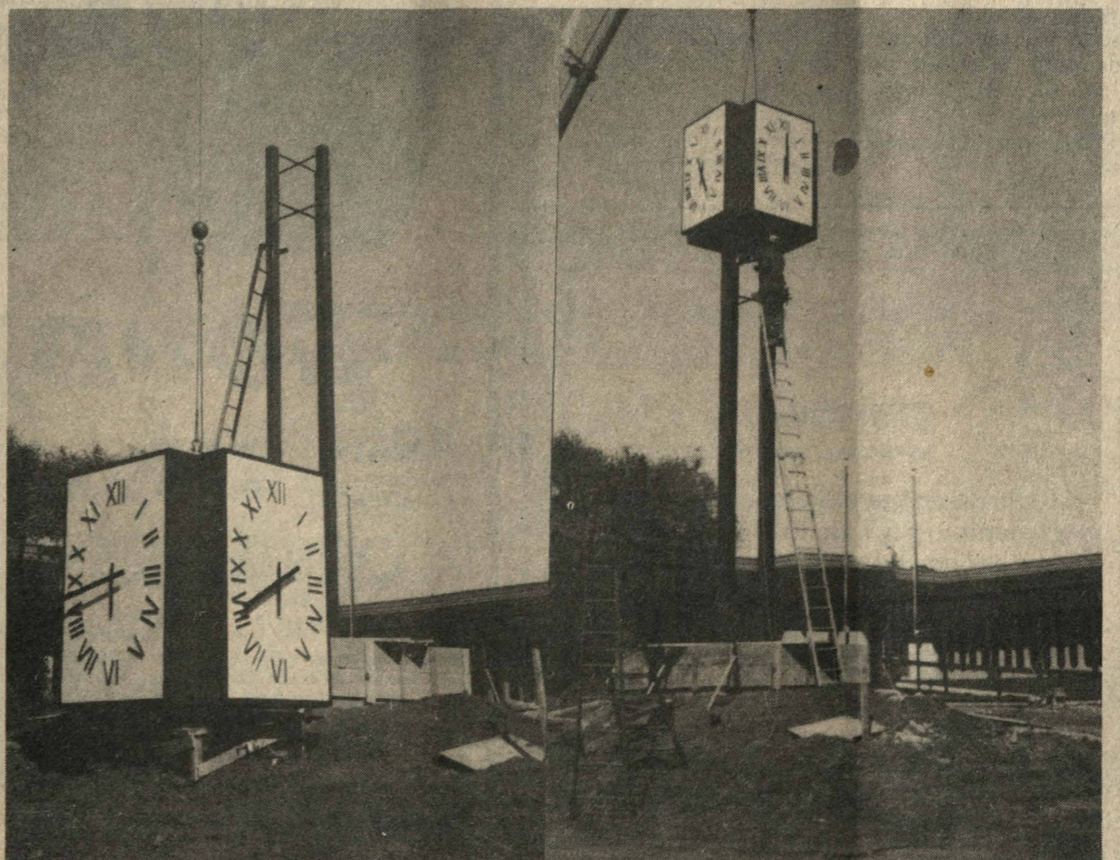
The Commission also approved the application of John Froese for a four-unit apartment at 710 West Valley Dr., and for the remodeling of a Shell station at 1531 W. Campbell Ave. Approval was also given West Valley Construction Co. for an employee parking lot at 580 McGlincey Ln.

The Commission granted Sherman Zell a six-months extension for a 64-unit apartment at 481 W. Hacienda, and also a two-year extension to Leo Freschi, for a use permit for a mobile home park at 870 Camden Ave.

The request of Alan Sims for a one-year extension of a use permit to convert a residence into an office at 866 E. Campbell Ave., was continued because the area is now undergoing a zone change.

Valley Christian School was granted a use permit to conduct an elementary school in the existing First Baptist Church buildings at 400 Llewellyn Ave., and Everett Gellerman was granted a variance to allow a second story at 1119 Lenor Way.

Approval was also given Daley/Queen for plans for a warehouse at 74 Dillon Ave., and the Commission recommended R-M zoning for property at Van Dusen Lane and Pollard Road in the process of being annexed to the city.



UP IT GOES—The four-faced clock was placed on the tower at the southeast corner of the civic center this week as the drive for the individual donations to raise the $1700 to complete the project passed the half-way mark.

Len Edholm, manager of the Chamber of Commerce, which is spearheading the third and final phase of the fund drive (total needed was $5000), reported that $298 was received during the past week, the best week so far. A gala premiere and kiddies' matinee raised $3000 of the amount and it is hoped that individual donations will produce the balance. Contributions can be made at the CofC office, 100 W. Rincon or sent to "Clock Tower", P. O. Box 85.

Donating this week were: UCB, Steffenson Termite Control, Dave Finch, Dean Vessling, Clair Wilson, Councilman Bill Podgorsek, Kurt Ritter & Associates, Winchester Drive-In Theater, Floyd Little's A&W Root Beer, Paul Del Grande Automotive Parts and Dr. John Uniat.

Hearings to be mobile

If present plans are carried out, a novel approach will be used when the Planning Commission begins a series of hearings on modifications to the city's general plan.

Details are now being worked out for a schedule of hearings that will extend over a six-month period. The hearings are planned to be held in the areas of the city that will be under study at that particular time.

It is proposed to study the various specific area plans to determine whether the proposed land uses are compatible to the developments that have taken place within the past few years.

CONSTITUTION DAY

This Friday, Sept. 17, the anniversary of the signing of the constitution of the United States will be marked by a special program in Flint Auditorium at DeAnza College at 8 p.m.

Admission is free and there will be entertainment by various musical groups, including the Sixth Army Band from San Francisco.

State Senator Al Alquist will speak on "What the Constitution Means Today."

Editorial

Jaycees park project

The Campbell Jaycees, an enthusiastic civic organiation made up of young men between the ages of 21 and 36, have announced that they plan to undertake one of the most ambitious community projects in the history of this city.

The Jaycees plan to develop a part of Rincon Park called the picnic-playlot project which, if carried out to its ultimate, would be worth more than $30,000.

It is a tremendous undertaking and one that will need the wholehearted support of the community. But we have a hunch that, if these young men channel their energies properly, they will succeed.

The Campbell Press has been a consistent booster of the Jaycees, for the organization membership sincerely tries to live up to the objective of being a community service group in action as well as in name.

In the past the Jaycees have taken part in many civic enterprises. They have much to be proud of for their contribution to the community in the relatively short time since the organization was formed here.

But the Rincon Park project is by far the most ambitious one that the Jaycees have spearheaded to date.

The portion of the park that the Jaycees plan to develop is north of the Pony League baseball field and adjacent to a future parking lot.

Although there will be some park bond money that will be used to improve Rincon Park, it has been well established that the money that is available will merely scratch the surface, so to speak, in relation to the ultimate plan that has been presented by the landscape architect and approved by the city.

Indeed, leaders in the community park development program have indicated that it is imperative that various civic organizations and individuals volunteer to develop portions of the park, using the master plan as a guide, if the park is ever to be completed.

Therefore, it must be rewarding to those dedicated civic workers to learn of the project that the Jaycees have announced they will undertake.

The picnic-playlot project will include picnic tables, barbecue units, playlots, surfacing and landscaping of an area roughly the size of five residential lots.

Before embarking on the project, Dave Valkenaar, Jaycee president, reported that the Jaycees had checked the surveys on the park and recreational needs of the community which revealed that 90% of the respondents in the surveys felt that more barbecue and picnic facilities were needed in Campbell.

The same surveys indicated that the second highest need was for more children's playlot facilities.

Thus, adds Valkenaar, the project appears to fill a definite need in the community.

We heartily agree.

The Jaycees plan, of course, to use much volunteer labor in the improvement of the park area.

And the membership, obviously, will be forced to do a great deal of hard work.

But, if past performances can be used as a criteria, we know this enthusiastic group of young men will give unstintingly of their time in the back-breaking chores that will be necessary.

They also plan to raise funds for the project from special events that they will sponsor.

That is one area, then, where all of the community can be of help by supporting these special events to the fullest extent.

The Jaycees, in adopting the project at their monthly meeting, also adopted a plan of action calling for the dedication of the picnic-playlot in May of 1972.

That indicates emphatically that the organization means business.

The Jaycees are conducting an intensive membership drive at the present time. We urge those young men of the community who are not now members of this vigorous group to take steps at once to join.

It is an ideal way to help improve one's community while gaining experience in leadership and, at the same time, to enjoy the good fellowship offered by the membership.

We wish the Jaycees luck and commend them for their objectives.

of the deputy sheriff's association, "The Spotlight", had, in fact, in an editorial in that newsletter emphasized the importance of "getting involved."

He mentioned that he had checked with his boss, Sheriff Jim Geary, before filing.

He said his neighbor, Jim Patrick, had been concerned too, about the then apathetic condition of the electorate.

-0-

SUBSEQUENTLY, HIS friendly rival and neighbor, Jim Patrick, called.

Patrick had also heard about our comment in the column.

He emphasized that he and his neighbor, Towers, were friendly and that they had just been chatting about the notice that appeared in the Merc stating there were no candidates for trustee.

They thought it was a shame. Patrick said he did not believe that such an important position should be filled by "default" or by appointment.

So he trotted down to the registrar's office before the deadline and filed.

He had no idea that 15 others would get into the act, including his next-door neighbor.

Both the candidates from Inglis Lane recognized that people could possibly draw the wrong conclusion (with our help) from two guys in the same block filing for the same office. They both emphasized it was an interesting coincidence, but that there was no "feud" involved.

We are happy to clear the air.

So those of you who envisioned a situation where one neighbor's dislike for another neighbor led to both filing just for spite as candidates for one position, are all wet.

Of course, we are still curious about one thing.

That is, how our column gets around.

RUMBLINGS AND GRUMblings have been evident from many sides since the new rates for garbage pickup in town have gone into effect.

A number of the grumblers expressed surprise over the rate hike. Some of them claimed they had no idea that there was going to be an increase, and the first knowledge they had of it was when they received their bill.

A couple of 'em wondered what the Campbell Press was going to do about it, and what approach the paper was going to take.

They acted as if The Press had ignored the situation, and had not called attention to the increase.

That figures.

But it still gripes us a wee bit.

We must have wasted a lot of words.

We did everything but draw a picture when the new rates were suggested in March of this year.

The main story in the March 17 issue was headed: "New trash pickup/rates face city."

The story reported that Green Valley Disposal had requested a rate hike and City Manager Bob Stephens and other staff members were to hold study sessions with the firm relative to the rate increase.

The issue of May 19 reported via a banner headline "City Trash pickup/rates to go up" and that the Council would hold an informal public hearing on the issue the next Monday when Stephens would make his report.

The next issue heralded the action of the City Council with a four-column head: "City Council approves trash/pickup rate increase for Campbell."

Then on July 7, 1971, the entire ordinance was published in which every rate was specified.

What we are saying, of course, is that The Press informed the citizenry that the rate hike was coming, publicized the public hearing on the increase and then published the new rates.

Not a single person appeared at the Council meetings to protest the proposed increase.

But when they got their bills there were howls galore.

Why weren't we told about it, they clamored? The Council put it through when we weren't looking.

And how come there was nothing in the paper about it?

Oh well, some days you can't lay up a cent.

THIS WEEK SCHOOLS are going full blast.

Crossing guards are posted and doing their watchful bit to protect the kids on their way to and from school.

Carl Winther, our ad manager, knowing that the school bells were not ringing until this Monday, was a little perplexed last week when he saw a crossing guard on duty on Winchester.

He thought the guard was sort of jumping the bell, so he asked him about it.

"I sorta figured the Catholic kids need protecting as much as the others," the guard told Carl.

St. Lucy's, you see, opened last week.

Drive-in theater robbed again

A bandit matching the description of one who staged an earlier holdup held up five employees of the Winchester Drive-In Theater, 535 Westchester Dr., Friday morning and escaped with approximately $2000, according to Campbell police.

The robbery occurred just five weeks after the drive-in movie had been robbed at the same time of day.

A burglary occurred over the weekend at Gardenland Center, 196 Curtner. An unlocked window was used to gain entry, according to Campbell police and about $20 to $30 in cash was taken.

Two boys about 14 or 15 asked to use the bathroom at one Campbell house this week and when they left, the householder reported that $20 was missing.

two to the police.

Some of the councilmen felt that the personnel should not have been limited to the two departments, but spread among other departments.

Councilman Bill Podgorsek cast the lone dissenting vote, although Councilmen Ed Rogers and Bill Smeed voted with Mayor Ralph Doetsch and Councilman Dean Chamberlin, with some reluctance for the recommendation.

On Monday the Council awarded the contract for storm drains and sanitary sewers in the San Tomas area to Leo F. Piazza Co., low bidder. The bid was $43,959.32.

The Council also directed Bill Wren, public works director, to call for bids for a "slurry seal" project for various streets in town. Wren explained that this would be the second phase in slurry-sealing streets and the first phase had proved satisfactory. The work is done, he added, only on those streets that do not need complete resurfacing. He said that approximately $21,000 had been budgeted for the work.

Upon the recommendation of City Manager Stephens, an employees recognition and suggestion program was established with a $500 allocation.

Hill, Paul head Gould campaign

Larry Hill, retired superintendent of the Campbell Union High School District and Norm Paul, president of the Campbell Chamber of Commerce and co-owner of the Plaza theaters in Campbell, will serve as co-chairman of the campaign committee to elect the Rev. W. H. (Ben) Gould as trustee of the West Valley College board of trustees.

The election to fill the vacancy created by the untimely death of Bill Homan will be held on Tuesday, Oct. 26.

The Rev. Gould, a 10-year resident of Campbell, has been identified with youth, civic and service affairs of the Campbell community since 1961.

The Rev. Gould is one of 16 candidates who have filed for the position. Hill and Paul said that the next few weeks will be spent in the setting up of a "citizens-for-Ben Gould" organization to disseminate information about the candidate throughout the West Valley College District.

GIVING CREDIT

To the Editor:

I believe in giving credit when credit is due.

This summer I took the job of publicity chairman for the West Valley Colt League. In this capacity, I was accorded the most generous and cordial reception at the Press office.

Each release was accepted and printed in its entirety. Not only was the trusty Press Polaroid loaned to me twice, but I was given the ultimate compliment of having my very own by-line on the front page story of the Western Division Colt Champs. (Aug. 25)!

Thank you, Campbell Press (George and Sally) for your fantastic interest and enthusiasm in our endeavors this summer. It's been a privilege to work with you!

Dorothy Mitchell

Post Script.

Giving more credit where it is due, Ray Haney, father of All-Star Gary, was really responsible for most of the pictures used with the stories.

Thank you, Ray.

JAYCEE MEMBERS

Dear Mr. Vierhus:

The Campbell Jaycees are engaged in an intensive membership drive this week. It will culminate in what we call an "M" Night on Sept. 22 at the Royal Fork Buffet.

What is an "M" Night?

It's a night when every prospective Jaycee that we can find is invited to have dinner with us and learn about the Jaycees.

We have some tremendous speakers scheduled who have promised to be brief and to the point. They include City Manager Bob Stephens and California Jaycee President Errol Bennett, who is flying in especially for this event.

Why am I telling you all this?

Because, Mr. Vierhus, you know that the Campbell Jaycees is a young man's organization dedicated to leadership training through community service. And you know that the latest community service project we have adopted is to develop a portion of Rincon Park.

We need more members to help us build this park project while we carry on with our other worthwhile service projects.

Do you know of any young men between the ages of 21 and 36 who might like to help us build a park? Who might gain from planning, organizing and carrying through a Jaycee-Community Service project? Who needn't be afraid to fail because it might cost him his job?

We learn from our failures as well as our successes, Mr. Vierhus. And that's what Jaycees is all about. We learn how to plan, organize and carry through civic projects, health and safety programs, youth and sport activities, and even our own personal lives.

If you know of any young men who can learn something from our activities, or contribute something to our group, or who just likes the good feeling that comes from completing a worthwhile project--if you know of any one like that, please have him call me at 379-6078. Or have him call Mr. Olin Gray, membership chairman, at 379-8819.

We want to help our community, Mr. Vierhus, and we want to help the young men in our community. And we need their help. But we can't do these things if we can't reach them.

Can you help??

Yours truly,
David N. Valkenaar,
President, Campbell

Darting Around

The North American Open had many sidebars or interesting side stories. Among them was my conversation with Lennie Worrell of Edmonton, Alberta, Canada. Lennie is running a dart tournament there on Oct. 9 and 10. The purse is listed as $2,100-plus.

He was telling us of the dart pubs up there. All the service clubs have dart boards. He says that the Miner's Library in Lethbridge has 50 boards, with the Legion Hall having 23 and the Army-Navy Club, 24. Anybody going that way who wants a game should head for the nearest service club and he is sure to find a match.

PRE-GAME

On Friday night, before the big tournament, many of the top players were at the LaMasque, on Venice Blvd. The game was played with the three in a bed rule in effect. That is, if all three darts hit the same double or triple, the person shooting is the winner.

During the course of the evening, I saw Conrad Daniels, Joe Young and Bob Thiede win the game this way on their away darts. These were money matches and several hundred dollars changed hands that night.

Someone asked Bill Belasco, why he wasn't in the game and he answered, "I'm not paying their room rent."

POTPOURRI

It was good to see Ted Allen shooting darts after his recent motorcycle accident. He was describing his girl friend, Sue, as his "baby-sitter". The prices were right on dart supplies and several of our Nor-Cal darters took advantage of this. Rick Miller bought almost $200 worth of flights and boards. The Monterey Club also bought a lot. The Diamond Wheel, 805 Lincoln Ave. is adding another board for their Friday night tournaments.

BASIC TRAINING

Army Private Richard W. Shepard, 23, son of Mrs. Shirley A. Shepard, 1074 Lucot Way, Campbell, recently arrived at Ft. Lewis, Wash., to begin eight weeks of basic training at the U.S. Army Infantry Training Center.

AIR MEDAL

Army Staff Sergeant Leonard G. Morton, 26, son of Mrs. Ida R. Fetty, 708 E. Campbell Ave., Campbell, recently received the Air Medal near Chu Lai, Vietnam.

Sgt. Morton earned the award for meritorious service while participating in aerial flight. in support of ground operations in Vietnam.

Meredithe Boyd opens dance school for teenagers

A new school called "Danse" starts this week at 236 W. Campbell, under the direction of Meredithe Boyd, a dancer and actress, who visualizes a new concept in dance instruction.

Meredithe's dance lessons, designed especially for teenagers, will give older students an opportunity to dance.

She believes that it's never too late to start dance instruction. "Wanting to dance is half the work - and the other half is fun!"

A special program will be offered for working women that combines dance routines with fitness and coordination exercises.

Classes for children and pre-schoolers will be available upon request.

Meredithe, experienced in tap dancing, ballet, and jazz modern, taught dance in a drama program at Westmont High, and later, taught dance-dramatics as a camp counselor in Vermont.

MEREDITHE BOYD

She has studied with the American School of Ballet, the School of Performing Arts, the American Conservatory Theater, and several prominent private instructors, as well as performing for many years in the entertainment industry.

Among her credits are "Peter Pan", the "Music Man", "Our Town", and "The Roar of the Greasepaint".

She is a graduate of Westmont High School and the daughter of Mr. and Mrs. Jack Boyd of Inwood Dr.

The panel of doctors and educators will focus discussion on the problems of venereal disease, teenage pregnancies and abortions.

After the panel presentation, there will be small group discussions, and a final summary.

CROWDS STORM STORE---This was not an angry demonstration, but part of the hundreds of persons who last Thursday jam-packed the Laurel Variety & Toy Store on Winchester Blvd. Occasion was the opening day of the store's "Going out of business" sale and crowds like this were standing in line outside trying to get in, and inside trying to get at the merchandise.

"I never saw anything like it", said Grant Bringhurst, "We even had a job bringing change from the office up to the front check-outs." The sale is continuing this week.

Registration of 25,000 starts today at SJS

More than 25,000 students are expected to pass through registration lines at San Jose State College today (Wednesday and tomorrow) Sept. 15 and 16 in a slightly shortened version of the usual three-day procedure.

All students are scheduled to register in two days this semester with late registration taking place Friday, Sept. 17.

Administration officials predict students will begin to feel the effects of recent budget cutbacks as they try to obtain desired classes. Enrollment is expected to increase by more than 900 students than the spring semester, while 57 faculty positions were omitted from the 1971-72 budget, reducing the total number of classes offered by about 200.

The abbreviated registration period is possible this fall since operations will not close down for lunch each day as in previous years, John Montgomery, head of Admissions and Records, explained. Another change, the separation of juniors from sophomores and freshmen in the registration schedule, cuts down on the time needed for each group.

Seniors and graduate students will register today. Juniors will lead off Thursday morning with Sophomores and Freshmen concluding registration.

Registration will conclude Orientation Week, Sept. 13-17, for new students.

Classes will begin the week of Sept. 20. Students will have until Oct. 8 to add or drop classes from their schedules. Fees and registration packets will be turned in Sept. 27-29.

SERVICE CLUB

The Campbell Women's Club will hold their monthly meeting over a potluck luncheon at the home of Mrs. Lloyd Sloane, 11910 Walbrook Dr., Saratoga, on Wednesday, Sept. 22 at 12:30 p.m.

PI BETA PHI

The first fall meeting of the Pi Beta Phi Alumnae group will be held at the home of Mrs. S. L. Gummersall, 251 Old Adobe Rd., Los Gatos on Wednesday, Sept. 15. A short convention report will be given, followed by a social evening of welcome for old and new members. Any Pifi members in the area who have not been contacted and would like to join in the fellowship may call Mrs. S. Wells, 379-6855.

One day service for local mail

Glen Knowles, officer-in-charge at the Campbell Post Office, has announced that zip-coded first class mail in local area city delivery boxes should now be delivered overnight.

Surveys have indicated that more than half of the 52 billion pieces of first class mail will fall into the category of overnight service, provided the mail is in designated street collection boxes by 5 p.m.

The local area for Campbell includes Aptos, Capitola, Castroville, Cupertino, Freedom, Gilroy, Hollister, Los Gatos, Milpitas, Morgan Hill, Mountain View, Palo Alto, Oakland, San Francisco, Salinas, San Jose, Santa Clara, Santa Cruz, Saratoga, Soquel, Sunnyvale and Watsonville.

Knowles also indicated that the service would be valid at the post office at 90 E. Latimer on mail, properly zip-coded, which is deposited by 7 p.m.

Goal to make the service 95% in effect is October 31, according to Postmaster General Blount.

CALL TO COLORS---Former Payne Elementary School student Kevin Troupe, played "Call to the Colors" at the school's opening ceremonies Monday morning on the school lawn.

School has flag raising

The entire student body of Payne Elementary School kicked off the 1971-72 school year with a public flag raising at the school on Monday morning. While Paul Hendrycks and Mike Remmel, scouts from troop No. 349 raised the flag, Kevin Troupe one of Payne's last year's graduates and an outstanding trumpet player, played "Call to the Colors."

Following the flag raising, cub scouts and camp fire girls led the Payne student body in the flag salute. Immediately after the ceremony children reported to their classroom to begin the new school year.

The first day's attendance revealed that the three kindergarten classes were filled to 30 pupils each. A total of 240 children were enrolled in grades 1-3 and 209 were enrolled in grades 4-6. A regular staff of 18 teachers is assigned to Payne School.

FLAG RAISING---The entire student body of Payne Elementary School gathered Monday morning to raise the flag over the school grounds commemorating the first day of school. While L. H. Amdahl, principal, watches, scouts Paul Hendrycks and Mike Remmel, prepare to hoist the flag.

Good Sam holds stroke session

Individuals who have suffered strokes and members of their families can compare notes among themselves and with experts at a "family night" scheduled for 7 p.m. Thursday, Sept. 16 at The Good Samaritan Hospital of Santa Clara Valley, 15825 Samaritan Dr., San Jose.

Purpose of the session, which is one in a series, is to explore emotional and physical aspects of total rehabilitation, according to Rosemary Graham, R.N., stroke nurse co-ordinator. This is a community service of The Good Samaritan Hospital; participants need not have been patients at this hospital, and there is no fee.

In order to make it possible for wheel-chair patients to participate, the sessions are being held in the Department of Physical Medicine, which has large sliding glass doors directly from the emergency parking area. Experts in various fields involved in rehabilitation of stroke patients will be on hand to participate in discussions with patients and their families.

Additional information is available from the Department of Nursing Service, The Good Samaritan Hospital, phone 371-0500.

Integra running squad looks for more girls

Calling all girls!

Do you like to run?

In foot races at school, do you end up beating all the other girls plus some or most of the boys?

Or can you run a long way and seem to never tire?

Can you throw a baseball or soft ball better than your friends?

Can you high jump or long jump a little further than the others?

Integra Girls track team wants to see you.

The Integra team, now sporting bright orange uniforms, is making a reputation for itself and is seeking more girls to complement the current team.

Currently they are traveling all over the bay area in competition with other girls in their age groups and are coming home with many ribbons.

The girls are divided according to age, starting with nine and under and including a women's division of 18 and over. The track season includes indoor and outdoor events, plus cross country and lasts from 10 to 11 months.

Current team members include Monica Williams, 13, who attends Campbell elementary school and is a half miler.

Ann Regan is a ten-year-old sprinter. She has never been beaten in the 220 or 440 and is a Pacific Association Champion.

Ann attends Steindorf elementary school.

A "veteran" sprinter at age 12 is Christine Smallwood, who is nationally ranked in the 100 and 220. She has been competing for three years in running events.

Benita Brown is 14 and attends Campbell High School. This was Benita's first year in A.A.U. competition.

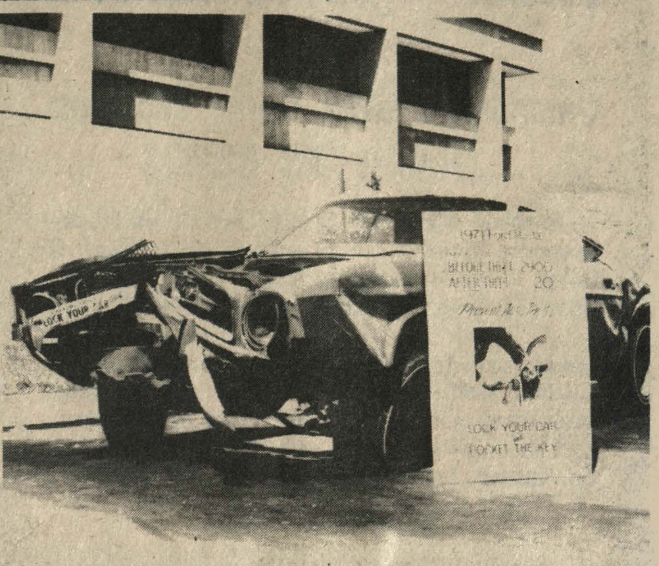
Nine-year-old Kathy Hames is a cross country runner who thoroughly enjoys running, according to Gerald Harrington, Integra coach.

New with the club is Rochelle Frazier, a 16-year-old from Silver Creek High School.

Harrington says the girls train in a relaxed atmosphere, stressing a good mental attitude. He is looking for girls to put together a relay team for the All American Games at the Cow Palace Jan. 21.

On Saturday, Sept. 25, tryouts will be held at the track field at Westmont High School at 10 a.m. Applicants should wear shorts, sweat shirts and tennis shoes.

For additional information call Harrington at 378-4105 or Carl Smallwood, 251-9399



THE RESULTS---An example of what can happen to an unlocked car is shown by the National Automobile Theft Bureau which is sponsoring a campaign to encourage the public to lock their cars.

LOCK IT AND POCKET THE KEY

A car anti-theft campaign, under the slogan "Lock It And Pocket The Key" and designed to reduce the number of car thefts in Santa Clara County, was kicked off on September 1, sponsored by the Anti-Car Theft Committee of the National Automobile Theft Bureau.

Last year, 6,000 automobiles were stolen in Santa Clara County, of which 1200 were not recovered. The direct losses from damage to the recovered cars, and the complete loss of those not recovered, are estimated at about four million dollars!

Eighty percent of the cars stolen in Santa Clara County last year were UNLOCKED. Forty percent had the keys in the ignition.

An FBI survey found that more than sixty percent of auto thefts are committed by "teenagers" and that auto theft frequently is the first offense for the youth involved.

A Family Affair

Nothing beats the sheer fun and stimulation you get from a ride on a Schwinn bike. More and more healthy, hearty outdoor enthusiasts are losing themselves to the charm and excitement of modern cycling.

The young in heart are turning to bicycles to get the best out of life. You see them everywhere . . . happy, healthy people who know the benefits of regular exercise.

"We ought to replace the automobile with bicycles . . . it would be better for our coronaries, our disposition, and certainly our finances."
. . . *Dr. Irvine H. Page, president, American Heart Association.**

"I think the bicycle is one of the great unappreciated vehicles for good, wholesome exercise that can be continued to a considerable age."
. . . *Dr. W. W. Bauer, director emeritus, Bureau of Health Education, American Medical Association.**

Their oldest son, Frank, begins his coaching and teaching career at Branham High School this year.

Fall cultural events at college bring wide range of speakers

Editor of one of the most influential voices in contemporary American journalism, Norman Cousins, will appear as the first of West Valley College's fall series of cultural events on Sept. 24.

Cousins has served as editor of "Saturday Review" for more than a quarter of a century.

He has argued for development of the United Nations into a world organization capable of enacting and enforcing world law; revamping educational curricula in order to bring the worlds of Asia and Africa within full view of the American student; and for a national and world program to combat the mounting dangers to the environment, including pollution in all its forms.

The musical sounds of today will emerge Oct. 3 when Kenny Rogers and The First Edition perform in concert. Tickets will be $3.50 general admission, and $2.50 for any student.

Celtic yarnspinner, author and poet Sean O'Faolain will provide some Irish wit during his lecture Oct. 5. Once asked why there were so many good Irish writers, he replied: "Because of our history. We were reduced to one weapon, and one weapon only - our tongue." Although best known for his short stories, he has written a book about his homeland called "The Irish" as well as several biographies.

The adventurous way of life will be related Nov. 23 when Norman Baker, navigator, radioman and second in command to Thor Heyerdahl on the voyages of Ra I and Ra II speaks at the college.

Television drama writer Rod Serling, who has over 200 writing credits on every major television show to his credit, will speak at the college Dec. 2. He holds six Emmys for Best Dramatic Writing, in addition to the first Peabody Award ever given a writer in the history of the Awards.

Stan Laurel, Oliver Hardy and Charlie Chaplin will once again return to West Valley College in another flickering fantasy from the silent screen era. On Dec. 8 a silent film "Nickelodeon", featuring piano accompaniment, will be featured at the college.

Scheduled in 1972 is Jessica Mitford and author Ray Bradbury. Tickets are required for all events and may be picked up from the office of Community Services, room L-26, 44 E. Latimer Ave., between 8:30 a.m. and 5 p.m. on weekdays approximately one month prior to the events.

All events except The First Edition, will be held at the Campbell campus auditorium, Winchester Blvd. and Campbell Ave.

For additional information, call 379-1733, ext. 58.

A LOT OF BUZZ — Louis Zurlo, 952 Kenneth Ave., explains the activities of his bees to Wendy Gowen and Derek Worley at Campbell Children's Center, located at Moorpark School. Louis, a freshman at Campbell High School is a medalist winner with his 4-H activities.

Center starts third year of child care

Campbell Union School District's Children's Center, 649 Thornton Way, will begin its third year of operation this week at Moorpark School.

The center is sponsored by the Campbell Union School District and provides care for youngsters while their parents work or attend school.

Community volunteers work with the staff to provide interesting experiences and stimulate interest in outside activities.

An entomology project during the summer gave the youngsters an opportunity to do a little "bug-collecting" and learn something of the insect world.

Louis Zurlo, El Sereno 4-H'er, brought his bee collection to the school for the children to learn something of the mysteries of beekeeping.

For information on the center, call Mrs. Juanita Roberts, director, 293-0072.

The Wage-Price Freeze

Questions and Answers

Internal Revenue Service

This column of questions and answers on the Wage and Price Freeze is provided by the local office of the U.S. Internal Revenue Service and is published as public service. The column answers questions most frequently asked about the Wage and Price Freeze announced Aug. 15 by President Nixon.

- How did the Internal Revenue Service get involved in answering questions about the Wage-Price Freeze?

A - The Internal Revenue Service undertook the assignment at the request of the Office of Emergency Preparedness which is the operating arm of the new Wage-Price program. Utilizing its nationwide taxpayer assistance network, the IRS receives, analyzes and investigates complaints and answers questions of 360 of its offices throughout the country.

Q - What does the IRS do after it receives a complaint of a Wage-Price Freeze violation?

A - The IRS will acknowledge the complaint and, if there is a reasonable basis for concluding that a violation may exist, it may contact the alleged offender to obtain voluntary compliance with the Presidential order or conduct further investigation. The IRS offices will report to the Office of Emergency Preparedness when further action is required. Actual prosecutions are the responsibility of the Justice Department.

Q - Do complaints of Freeze violations have to be in writing?

A - No. Although the IRS prefers that complaints be written to make referrals to the Office of Emergency Preparedness easier and to establish whether there is any pattern of problems in a particular area, all complaints are recorded, analyzed and investigated.

A - I'm supposed to get a promotion in October. Can I still be promoted despite the Freeze?

A - Yes. Actual promotions to established positions with greater responsibilities are allowed, as well as increases in apprentice's and learner's rates under programs set up before August 15. However, merit and longevity increases are not permitted during the Freeze.

Q - What sort of penalties will be invoked against businesses that violate the Freeze?

A - The Justice Department may seek an injunction to stop an individual or business from violating the Presidential order. Failure to comply with the injunction may place the violator in contempt of court and result in the handing down of civil penalties on an escalating daily basis.

The law also provides a $5,000 fine which may be imposed for each violation.

Q - My college announced last spring that it would raise tuition for the fall semester. Is this increase covered by the Freeze?

A - No. Increases in tuition rates announced before August 15 may still take place, even though they do not go into effect until September, because committments and, in many cases, payments have already been made.

Q - My landlord sent me a notice the first week of August that my rent was to be increased as of September 1. Do I have to pay the increase?

A - No. Rents on apartments and houses cannot be raised during the Freeze period. Even if an agreement had been signed before August 15 and scheduled to go into effect after the 15th, the increase would not be allowed.

Q - I'm moving into a new apartment. How can I tell if my landlord is overcharging me for rent and violating the Freeze?

A - Check the rents charged for comparable apartments in the immediate area. The rent you pay cannot be any higher.

United Fund rules out local door-to-door drive

The expense and time consuming effort of volunteers going door-to-door is no longer a part of the annual United Fund campaign effort in Campbell.

In fact, according to one knowledgeable volunteer, there have been no door-to-door residential campaigns for the past four years conducted by volunteers of the Santa Clara County United Fund.

"We've found it to be more productive to conduct employee drives through businesses and industries," says UF President James B. Wiesler, regional vice-president for Bank of America. "We find that individual gifts are much larger and can do the most good through payroll deduction.

"When conducting a door-to-door campaign most people will contribute the small change they have on hand. This usually is from fifty cents to five dollars. Through payroll deduction, people can contribute more with less effort and help in a more substantial way to make our program work effectively in their communities."

United Fund asks each person earning up to $10,000 to consider one hour's pay per month as a fair share contribution, and one per cent of annual income if they earn more than $10,000 annually.

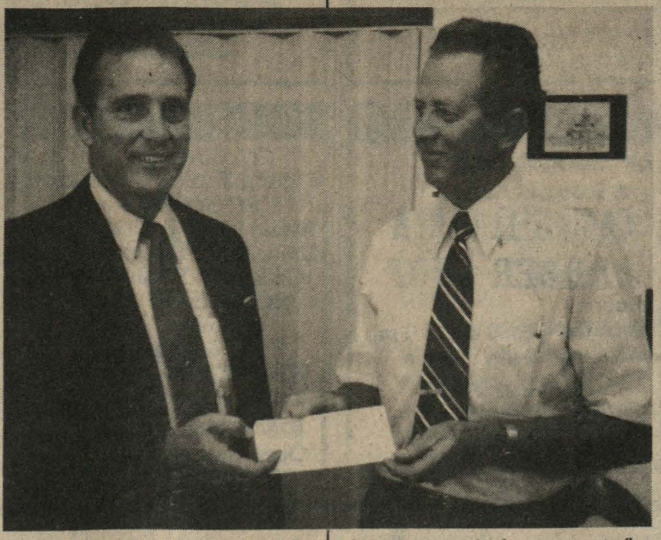
"Also of consideration," Wiesler points out, "is the inconvenience to people who are subjected to a door-to-door campaign. We feel this upsets most people more than motivating them to contribute and is wasteful of volunteer time for the results that are derived."

United Fund conducts campaigns in the major industries throughout the county and among groups covered in the divisions of commerce and industry; professions; education; business; city, state and county employees.

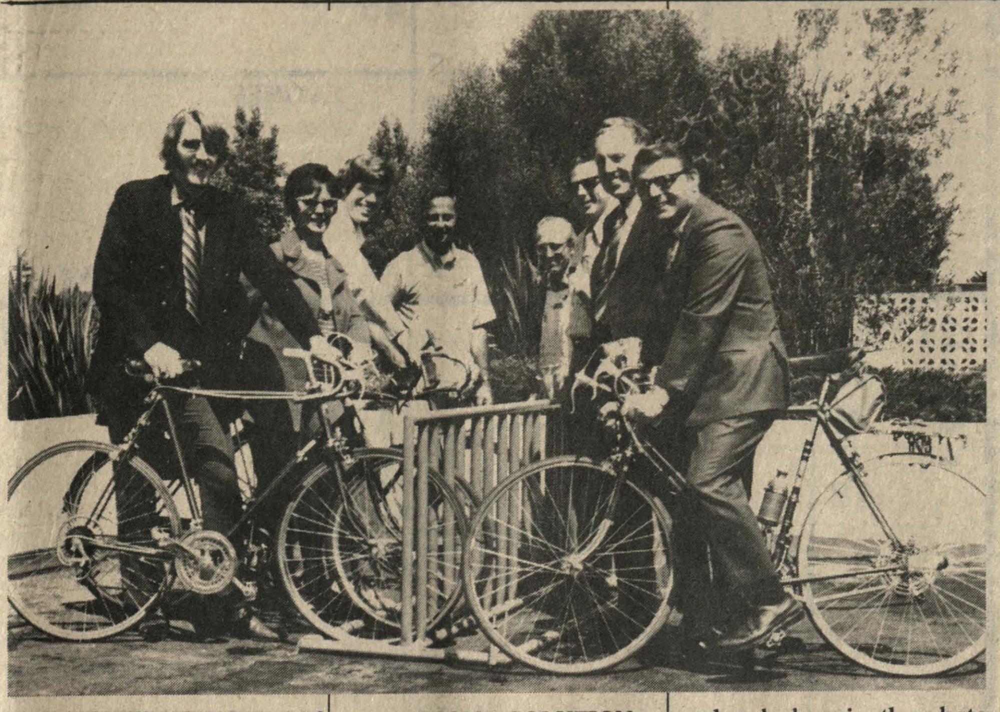
Small mail drives are conducted among residents in the Fund's Central Area, South County, Mountain View, Los Altos and Palo Alto-Stanford chapters. Special care is taken to insure that few if any people are contacted through the mail campaigns if they have been asked to give at their place of employment.

"Through our residential mail drives," adds Wiesler, "we try to give those people who may not have been contacted the opportunity to make a 'fair share' contribution to the human care services supported by the United Fund."

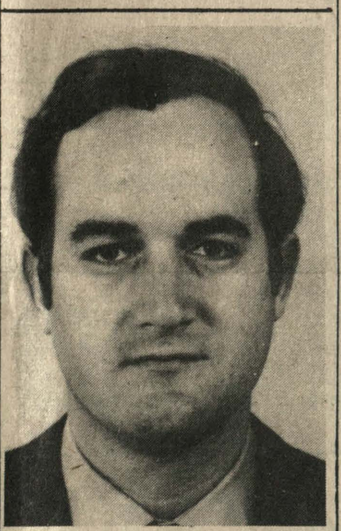
Campbell volunteers are now in the midst of the Fund's 13th annual campaign with a local "minimum target" of $55,968. The countywide target is $3,751,749, that total raised in 1970.



STATE REIMBURSEMENT--- Robert Stephens, city manager of Campbell, receives a check from Capt. Don Burr, acting chief of police, which was sent by the State of California as reimbursement for training programs which the city has conducted in cooperation with the Peace Officers Standards and Training Program for the State.



POLLUTION SOLUTION--- Bicycle racks have recently been installed in the county civic center, to encourage employees to ride their bikes; reducing pollution, and improving their health. Cyclists and onlookers in the photo are; left to right, Ed Downing, Vernetta Bailey, Jim Peckham, Ed Blandford, Bob Bowman, Ray Rule, Robert Sorensen, and Dom Cortese, chairman of the Board of Supervisors.



COORDINATOR --- Robert Garner, 28, a former legislative assistant to Rep. John M. Murphy of New York, who has been a member of the county executive's staff since Jan. 1971, has been appointed as Drug Abuse Coordinator for Santa Clara County by Howard Campen, county executive.

Garner, a graduate of Stanford in 1965 in political science, will be responsible for administering a countywide program, to coordinate the activities of the public and private drug abuse agencies within the county.

The program has been financed in part by a $49,861 grant from the California Council on Criminal Justice. The salary range in the new position will be $1,167 to $1,418 per month.

WHAT IS IT?---Does it fly? Will she cry? Does it run? Those are some of the questions which Jeff Carothers, Jackie McCalister and Cindy Kline are asking about the toys which will be sold at the third annual Cleft Parent Group garage - rummage sale at Parker Elementary School, 4455 Union Ave. on Saturday and Sunday, September 18 and 19 from 9 a.m. to 6 p.m.
